

Nome completo da disciplina	Aspectos Metodológicos e Científicos do Treinamento Desportivo
Área de concentração vinculada à disciplina	Eletiva - mestrado e doutorado
Dia da semana	Terça-feira
Data - início	14 de março
Data - término	20 de junho
Horário - início	9 horas
Horário - término	12 horas
Carga horária (1 crédito = 15 horas)	3 créditos – 45 horas
Quantidade de vagas	12
Ementa	Abordagem do treinamento esportivo a partir de diferentes perspectivas metodológicas. Conceituando aspectos inerentes as características biológicas do praticante, mas aquelas associadas ao esporte e ao meio esportivo. A abordagem da disciplina ocorrerá através do levantamento dos principais estudos aplicados, dentro de um amplo espectro de análise, envolvendo aspectos do treinamento esportivo e da ciência envolvida nesse processo.
